

美國原廠回覆只要照正確使用方法不管製造日期是什麼時候都不會有電池效能長短的問題也不會因為製造日期越新就代表機器越不會有問題. 就如同我們去買各類電器用品強調的是功能而非琢磨在製造日期因此找到有保固的廠商才是購買產品的第一要件.

Thank you for contacting iRobot Customer Support.

No,your robot would not have a shorter life span.Once you follow all the required maintenance steps your robot should last very long.

Thank you,

Cami

Hello,

I and my friend purchase Roomba 530 at the same time. His Roomba 530 is made around 2008/10 and my Roomba 530 made in 2007/09. Will my Roomba 530 got shorter life because it is made earlier?
